

SALSA Fest

Students Asserting for Long-Term Self Assurance.

The inception of this annual event was in January 2005. At this conference the student have the opportunity to focus on researching their career/professional choice. Students learn how to communicate effectively by using a district set of communication skills that allows them to increase their level of performance in their future career. As a culminating activity the students compete for post high school scholarships as they are judge on their planning, organization and total presentation.

Salsa Fest is conduct by Mario Contreras, founder of Career Growth Management Corporation, a 17 year old organization. He is a seasoned 31-year professional with extensive management experience with Fortune 500 companies, start-ups and High-Tech Firms. Mr. Contreras has served on numerous Board of Directors and Advisory Boards of organization both for profit and non-profit businesses.

The event will be from September 12th to 14th. Students interested in participating will need to complete an application; only limited number of students will be chosen to participate in this event. The schools will determine which students would benefit the most. A letter will be sent to those who are not chosen for the current year's event and will be encouraged to reapply the following year.

More information will be provided as the date for the event approaches.

For further information please contact Zeny Schmidt or Maria Liscano at 913-780-7042.
